

## **Package A**

### **Ceremony MC + BGM Personnel**

- When to take this option? – when the event venue's PA system is sufficient for a wedding ceremony event i.e. they have wireless mics too besides a mixer & loudspeakers. Make sure they can provide.
- When NOT to take this option? – when you have live band together with the emcee and BGM personnel.
- The ceremony emcee, Jingle, can also represent a ceremony celebrant in the absence of a pastor/father besides running the event's flow from start to end.
- The BGM personnel, Damien, makes sure the event's atmosphere is always on point i.e. soothing upon guest arrivals, and builds up accordingly to the ceremony agendas like how movies' background music influences its viewers' emotions, touching hearts, etc.
