

## **Package C**

### **Ceremony MC + BGM Personnel + PA System with String Quartet**

- This string quartet option is a live musical act during pre- and post-ceremony.
- Having a string quartet gives most people an impression of a classy event. It is like being extra delicate with what you serve others.
- Unlike the solo serenader option in Package B which is meant for a more casual experience, this package brings about more formality.
- The rest of this Package C description is the same as Package A+ i.e. having the ceremony emcee, the BGM personnel & PA system.
