

Package B

Ceremony MC + BGM Personnel + PA System with Solo Serenader

- This solo serenader option is a live musical act during pre- and post- ceremony.
- Besides entertaining and giving a good first impression to your guests with some lovely songs, this musical act could also be calming the nerves down of those who's overly excited, making matters seem more casual. In other words, less tensed.
- The atmosphere of being in a garden ceremony with beautiful songs sung right in front of you, is a simply serene experience.
- The rest of this Package B description is the same as Package A+ i.e. having the ceremony emcee, the BGM personnel & PA system.
